SPECIAL ORDER—2:00 P.M.

Hearing of appeal from decision of the City Planning Commission denying conditional use of property located at 1300 Sacramento Street in an RM-4 District to permit building 148 feet in height and containing 12 dwelling units and 14 off-street parking spaces.

File 37-80-14

Ms. Helen Hui, representing the appellant, appeared and requested a one month's continuance of the hearing. Upon questioning by the members, Ms. Hui stipulated that the building on the subject property would not be demolished pending decision of the Board on the appeal.

Mr. Passmore, representing the City Planning Commission, stated that at this time only a negative preliminary declaration had been issued and the Commission would need that time to complete its Environmental Review. The Review, however, would not be necessary should the project be disapproved by the Board.

Deputy City Attorney Robert A. Kenealey stated that if the Board acted to overrule the City Planning Commission, an Environmental Review would then be necessary. Because the Environmental Review process has not been completed, the Board cannot act under the circumstances; all the Board could do today would be to approve or disapprove the action of the City Planning Commission.

The following favoring the appellant were granted the privilege of the floor:

Dr. Larry Chong, appellant.
Bernard Stadler

The oath of office had been previously executed and copies duly delivered to the Clerk of the Board for Supervisor Lee S. Dolson by the Honorable Roy L. Wonder and for Supervisor Quentin L. Kopp by the Honorable William A. Newsom.

Communication from President Molinari

The Clerk read the following:

January 8, 1981

Mr. Gilbert H. Boreman
Clerk, Board of Supervisors
City and County of San Francisco
Room 235, City Hall
San Francisco, California 94102

Dear Mr. Boreman:

Under the Charter of the City and County of San Francisco the matter of the election of the President of the Board of Supervisors is entrusted solely to its members. One year ago, pursuant to the provisions of the Charter, I was elected by the members of the Board of Supervisors as their president for a term of two years. In the interim the voters of the City and County of San Francisco have changed the method of electing Supervisors resulting in the election of a newly constituted Board the members of which are assuming their elected office today.

Although the City Attorney has given his opinion confirming that my term as president does not expire until noon, January 8, 1982, it has been suggested that the newly constituted Board **should make its own leadership choice**. I concur in that suggestion because I believe it to be fair and equitable.

Therefore, I resign as President of the Board of Supervisors of the City and County of San Francisco, effective at the adjournment of this inaugural meeting.

Sincerely,

/s/

JOHN L. MOLINARI
President

Nominations for Office of President of the Board of Supervisors

The President announced that he would now entertain nominations of candidates for the office of President of the Board for the term ending January 8, 1982.

Supervisor Britt, seconded by Supervisor Ward, moved that the name of Supervisor John L. Molinari be placed in nomination for the office of President of the Board.

Supervisor Nelder rose to present a question of procedure, citing Rule 1.5 of the Board's Rules of Order which states that the Supervisors shall elect one of their number as president for a two-year term.

The Clerk explained that Section 2.202 of the Charter provides that the Supervisors constituting the new Board, shall, on January 8, 1932, and every second year thereafter, elect one of their

number as president for a two-year term, and the President ruled that the term in question would expire on January 8, 1982.

Supervisor Nelder, seconded by Supervisor Dolson, then appealed the ruling of the Chair.

The roll was called and the ruling of the Chair was upheld by the following vote:

Ayes: Supervisors Britt, Hongisto, Hutch, Molinari, Renne, Silver, Walker, Ward—8.

Noes: Supervisors Dolson, Kopp, Nelder,—3.

Supervisor Nelder, seconded by Supervisor Dolson, moved that the name of Supervisor Quentin L. Kopp be placed in nomination for the office of President of the Board.

Supervisor Walker, seconded by Supervisor Renne, then moved that the nominations be closed.

The roll was called on the motion to close nominations and it was adopted by the following vote:

Ayes: Supervisors Britt, Dolson, Hongisto, Hutch, Kopp, Molinari, Nelder, Renne, Silver, Walker, Ward—11.

Election of President Molinari

The roll was called and the President was elected by the following vote:

Supervisor John L. Molinari: Ayes, Supervisors Britt, Hongisto, Hutch, Molinari, Renne, Silver, Walker, Ward—8.

Supervisor Quentin L. Kopp: Ayes, Supervisors Dolson, Kopp, Nelder—3.

Roll Call

Thereafter, the name of each member was called and he or she, after brief remarks, introduced members of his or her family and friends present in the audience.

Remarks by Mayor

President Molinari introduced and welcomed Mayor Dianne Feinstein, who welcomed the new members of the Board, congratulated the continuing members, and presented brief remarks pledging full support for the new Board.

ADJOURNMENT

There being no further business, the Board, at 2:10 p.m., adjourned.

Supervisor Kopp requested that a letter be sent to the City Attorney inquiring as to the status of the removal from office of an Airports Commissioner relieved of office in 1976 for misconduct, in which the State Court of Appeals recently set aside the decision of the lower court; and whether the City Attorney will pursue the matter for review by the State Supreme Court and if so, on what basis.

Supervisor Kopp requested a letter to the Civil Service Commission requesting information about hiring procedures of persons with criminal records, specifically a Municipal Railway driver convicted of rape. The information should include the following:

Does Civil Service routinely check for criminal convictions and/or prison records before approving new hires?

If so, when would indication of a criminal conviction or criminal record bar the hiring of an applicant, or cause the termination of an employee?

What specific State laws or City provisions either impede the Commission's ability to obtain such information or prevent the making of hiring and firing decisions on the basis of it?

Supervisor Kopp requested that a letter be sent to the Retirement Board requesting a response to the Board's inquiry of December 11, 1980 regarding Mr. Reiterman.

Announcement

Supervisor Molinari announced that there would be a closed session of the Board following the meeting today to discuss matters which have been brought before the Board by the City Attorney and the Chief Administrative Officer.

Suspension of Rules

Supervisor Kopp, seconded by Supervisor Dolson, moved suspension of the rules in order that Supervisor Kopp might take up a matter which normally would be considered on Roll Call.

Supervisor Kopp explained that his presence would be required in the Superior Court at 4:00 p.m.; hence his motion.

Statement of Supervisor Kopp

"At the end of the Board Meeting on February 9, 1981, apparently Supervisor Silver asked that a letter be sent through the Board Clerk to a Congressman in Washington, D.C. Somehow—through at least one press report and I'm certain other media reports—the people of San Francisco have been lead to believe the letter was at the direction, and with full approval of the entire Board of Supervisors. I would like the Journal to reflect that I did not join in the letter, did not vote on it, do not subscribe to its transmission and was not in these chambers at the time the clerk was called upon to act on Supervisor Silver's request."

No objection and Clerk directed to include the foregoing statement in the Journal of Proceedings.

Supervisor Silver requested that her following statement be included in the Journal of Proceedings:

Statement by Supervisor Carol Ruth Silver

"Priority number one in every city in the United States today, including in particular San Francisco and Washington, D.C., our nation's capitol, must be Protection of citizens from violent crime.

"To that end I long ago committed myself to fighting for the allocation of police resources to protection against violence on the streets and byways of our cities, and away from other less important activities, particularly away from the enforcement of laws which primarily make "criminals" out of the "victims" of certain conditions: alcoholism, marijuana use, and consenting sexual conduct between adults.

"I do not approve of public sex in restrooms, but even less do I approve of the assaults, muggings, robbery and murder that occurred in Washington, D.C., during a week when the officers who could have prevented those crimes were assigned to peeping through hidden apertures into restrooms.

"The public letter which I requested last week be sent to Congressman Hinson addressed this issue of the allocation of police

resources in our nation's capitol. Why is this of concern in San Francisco? Because we cannot hide our heads in the sand. What happens in Washington, D.C., sets the tone and the policies for the rest of the nation.

"My position has unfortunately been substantially distorted and sensationalized in the media. I do not now, nor have I ever, endorsed sex in public restrooms. This may properly be made a crime (as to persons of any sexual orientation) because it impinges on the right of other people in the public use of those facilities. It follows, therefore, that when people make their sex acts public they are intruding upon the right of others and forfeiting the very privacy which should insulate them from interference of government were their acts private.

"My views on this subject are not only in accord with our present California law, but are perhaps less liberal than positions taken by the California Supreme Court in 1979, by the San Francisco Bar Association in 1975, and in the official policy manual of the American Civil Liberties Union.

"The essential issue is the issue of establishing rational priorities in police resource allocation. Year after year the FBI's Uniform Crime Reports have shown Washington, D.C., to be among the most violent and crime-ridden cities in the United States. Studies, surveys and polls have shown the progressive deterioration of the quality of life in Washington, D.C., because of fear of crime, particularly for its minority and underprivileged citizens.

"In light of these facts the diversion of police resources to surveillance of consensual sex acts in washrooms is more than questionable. Someone should ask the victims of the more than 56,000 major felonies which occur in Washington every year whether they would prefer that police resources be devoted to protecting them or to protecting public washrooms.

"Certainly the law may prohibit public sexual congress in public places. And if officers happen upon it they should make arrests or if complaints are received they should investigate, just as they do for burglaries, traffic offenses and other crimes without violence, in the course of their regular patrol routine. But until we get major crimes of violence under control in the cities of our nation, the idea of specially detailing police officers to watch for sex in washrooms is ludicrous.

"I disapprove of the actions which are alleged to have been committed by Rep. Hinson. I disapprove even more of the actions and statements which he is reported to have made expressing intolerance and bigotry toward gay men and lesbians.

"But the kind of publicity which has been focused upon him reflects much more than the fact that a Congressman has been caught in a relatively minor crime; it reflects also the emotionally loaded nature of that offense and its perceived inconsistency with his political life and stance.

"We are all the products of a sexually repressive society. It ill behooves those who, like myself, are dedicated to opposing that repression, to heap contempt upon one whose crime is the product of a life lived in a region and state which is cruelly repressive perhaps beyond all others in our nation. This I know of my own first hand experiences in Mississippi jails and prison during the civil rights movement.

"Pitiless ridicule for those who have been deprived of the ability to determine and deal with their sexual identities is a symptom—and a cause—of sexual repression, not a cure for it. Nor is it appropriate for those who have suffered less repressive environments to despise the victims of greater repression. For there, but for the grace of God, go any one of us.

"These issues are quite active and relevant in California, as our courts and officials struggle continuously not only with problems of violence and police manpower but with the constitutional issues of privacy, entrapment and illegal search and surveillance.

"And despite the difficulty of dealing with issues which touch so deeply at hidden fears and terrors, I believe that the resort to furtive sex and anonymous liaisons in public restrooms must continue to be subjected to public discussion as well as psychological study, particularly in relation to society's repression of more attractive options.

"Finally, but not least in importance, I must state as a reason for my addressing this letter that I was moved by my compassion for a troubled man, no matter what his crimes, still my brother in the human spirit. I hope and I pray that I shall never lose my ability to feel such compassion."

Appointment of President Pro Tempore

At the request of the President, Supervisor Renne assumed the Chair in order that the President might participate in the debate from the floor.

Statement of Supervisor Molinari

"I rise to make sure that my particular feelings are in the Journal. I rise to apologize to each of your Members and the people of San Francisco. Last Monday I should have known more about the procedure than any of you and I should have known that such a letter would be called attention to. As a senior member, I apologize for allowing this matter to proceed to a point where members of the public have become aroused. To put this in the Journal won't clarify this for the people of San Francisco. Supervisor Silver has taken responsibility for her action. In the future let's be more concerned about what we send out. Perhaps Supervisor Silver should in the future put it on her own letterhead. I have had the Clerk send a memorandum to you explaining the procedures of how a letter may be sent and how they can be objected to. I am going to be more cautious in the future. Perhaps

Supervisor Silver could send the letter on her own letterhead. I apologize for not advising you of the procedure before this. Supervisor Silver perhaps should send a letter stating that it was **her own feelings** and not that of the full Board of Supervisors. When something goes out on a Board of Supervisors' letterhead it is perceived as being from the full Board. That is a perception that we should not have allowed last week. The way it is now, a Supervisor can send out his own letter."

Supervisor Nelder, seconded by Supervisor Kopp, moved that in the future, when a letter is directed to be prepared by one individual Supervisor, the Supervisor shall sign that letter along with the Clerk of the Board.

Supervisor Molinari, seconded by Supervisor Walker, moved a substitute motion that the subject be referred to Rules Committee for consideration.

Ayes: Supervisors Britt, Dolson, Hongisto, Hutch, Kopp, Molinari, Nelder, Renne, Silver, Walker, Ward—11.

Supervisor Molinari requested that the Clerk address a letter to the City Attorney to determine if a 1939 policy resolution of the Board is still in effect; whether a previous Board can bind a present Board.

No objection and Clerk directed to comply.

The President reassumed the Chair.

STATEMENT BY SUPERVISOR RICHARD D. HONGISTO
RELATIVE TO SALARY STANDARDIZATION
ORDINANCE FOR MISCELLANEOUS EMPLOYEES

“FOREWARD:

The Salary Standardization recommendations for miscellaneous employees for fiscal year 1981-82 have been prepared under the procedures mandated by Charter Section 8.407. The Civil Service Commission has certified to the Board of Supervisors the prevailing basic pay rates for miscellaneous employee classifications, utilizing the formulae and procedures required by those Charter provisions.

The Board of Supervisors is mandated by the Charter to fix basic rates of pay as close as reasonably possible to the prevailing

rates certified by the Civil Service Commission, and shall not set the maximum rate for any class in excess of the maximum prevailing rate for that class. Also, no employee shall have his basic pay rate reduced by the process. The proposed Salary Standardization Ordinance which is before the Board conforms to those requirements.

In considering these Salary Standardization certifications over the past several weeks, your Legislative and Personnel Committee has had the advantage of participation by various members of the Board. A central factor in that process has been a full recognition of the severe financial circumstances which continue to confront both the taxpayers and the employees of the City and County.

All data regularly submitted has been evaluated with extreme care, has been referred to the Civil Service Commission for review and analysis, and has been returned to the Board with such revisions and certifications as the Commission deemed warranted.

All interested parties were given an opportunity to be heard fully and publicly, Civil Service Commission certifications and determinations as originally submitted and as revised, have been reviewed comprehensively and intensively by the Committee during long hours of careful consideration.

The estimated cost of the salary increases in the proposed ordinance certified by the Civil Service Commission is \$38,003,299. The estimated cost of the working conditions and benefits recommended by that Commission together with those proposed as a result of meet-and-confer sessions with employee organizations will be net savings of \$138,719 for an approximate total of \$37,864,580. The portion to be borne by the general fund is estimated at \$27,742,408. The foregoing estimated costs have been provided by the Controller.

DOCUMENTATION:

Each member of the Board has received a copy of:

(1) The Civil Service Commission's report of the Salary and Wage Survey dated January 5, 1981, and the proposed schedules of compensation as certified by the Commission for classifications subject to the provisions of Charter Sections 8.400, 8.401, and 8.407, together with the Commission's letter of transmittal dated January 22, 1981.

(2) The Commission's letters to the Board of Supervisors under dates of February 3 and March 16, 1981, transmitting the Commission's certification of updated salary information for classifications subject to the provisions of Charter Sections 8.400, 8.401 and 8.407, were received by the Committee prior to its last meeting, and are contained in the Board file.

The foregoing constitute the Civil Service Commission certification and recommendations. Also received by each Board member

was a copy of the proposed Administrative Provisions, together with proposed amendments to those Provisions.

ADMINISTRATIVE PROVISIONS— WORKING CONDITION BENEFITS:

The Legislative and Personnel Committee studied carefully the Civil Service Commission's determinations and certifications as to Administrative Provisions, as well as others which were submitted by department heads or by employees. It gave close attention to both verbal and written representations by interested individuals and organization representatives, and referred those provisions to the Employee Relations Division for the meet-and-confer process.

Pursuant to Charter Section 8.407 and opinions of the City Attorney, the Board of Supervisors through its designated representative is required to meet and confer with employees and employee organizations on matters within the Board's jurisdiction. The issues within the Board's jurisdiction have been basically defined as only those administrative provisions of the Salary Standardization Ordinance, including hazard pay when certified by the Civil Service Commission, as prevailing for the employees in the areas surveyed by the Civil Service Commission.

The full Board, in January 1981, agreed to authorize the Chief Labor Negotiator to meet with recognized employee organizations within the parameters set by this Board. The matters discussed below and presented to the full Board today are the result of utilizing this procedure.

In the past three months the Employee Relations Division met and conferred with nineteen recognized employee organizations. by the mandated Charter deadline of March 15, agreements had been attained with 15 organizations.

Pursuant to Charter Section 9.108 the last demands of the employee organizations with which the Board did not reach agreement may be placed by the employee organizations on the ballot at the next general election for voter approval or rejection. To date only the Laborers' Union has made such a request.

The issues agreed to between the Board of Supervisors through the Employee Relations Division and the various employee organizations fall into two categories: (1) those agreed upon issues which should be included in the Administrative Provisions of the Salary Standardization Ordinance; and (2) those agreed upon items which need only be included in a memorandum of understanding to be effective and enforceable.

In view of the serious fiscal and budgetary problems confronting the City and County, the Employee Relations Division was instructed to make every possible effort to keep new money expenditures at an absolute minimum during negotiations. Agreements were achieved primarily on the basis of an understanding

to continue previously negotiated and existing provisions. In certain instances, a cost benefit which is presently in existence and being paid to employees was extended to employees working under similar conditions.

This involved principally the extension of the benefit of providing sewage premium pay. However, substantial new costs were incurred involving hospital employees. Retention premiums, uniform allowances and night-shift premiums were improved and expanded to cover a greater number of employees.

It should be noted that important cost savings and revenue-producing concessions were also negotiated. Most significantly, a work schedule for parking control officers was agreed upon which could result in an additional \$2 million of revenue to the City's general fund.

Revisions to the administrative provisions of the Salary Standardization Ordinance and amendments to contract language which involved no cost were also agreed upon. Additionally, the Employee Relations Division met and conferred on proposals submitted to the Board of Supervisors by the Civil Service Commission and by Appointing Officers. The final proposed revisions to working conditions and the agreed-upon changes were particularized and presented to the Legislative and Personnel Committee on March 19, 1981, and have been distributed to the members of the Board and other interested parties.

As in the past, the Employee Relations Division will make all concerned parties aware of the agreements and working condition changes and do all that is possible to insure that the agreed-upon issues are implemented.

The Committee recommendations that the Board approve and adopt the Administrative Provisions as submitted today.

SCHEDULE OF COMPENSATIONS:

The schedule of compensation which is now before this Board has been certified by the Civil Service Commission as conforming to the provisions of Charter Section 8.407 relative to prevailing rates, and reflecting the data developed from the Commission's initial salary survey for 1981-82, approved January 22, 1981, and from an updating of that survey submitted by the Commission on March 16, 1981.

It is not feasible to set forth herein the details of those schedules. I shall, however, outline significant aspects of the schedules which the Legislative and Personnel Committee believe should be noted by Board members and the public.

Salary increases submitted by the Civil Service Commission would affect approximately 20,900 employees, and are estimated to cost approximately \$37,864,580 with the cost to the City and County general fund being estimated at \$27,742,408. This figure

includes basic salaries, internal adjustments, and costs for the City's contribution to retirement and social security funds. It does not relate to costs for employees of the San Francisco Unified School District or the Community, College District. The weighted average salary increase is 8.9%.

CONCLUSION:

The recommendations submitted today constitute the Civil Service Commission certifications, determinations, and recommendations, take into account the Commission's wage survey data, the data submitted by employee and taxpayer representatives, and reflect a number of lengthy and complex meet-and-confer sessions with many employee organizations. The recommendations of the Legislative and Personnel Committee also take into account the current serious fiscal and budgetary problems which confront the City and County.

It should be noted and stressed that Charter Section 8.407 provides that the Civil Service Commission shall determine the generally prevailing rates and the Board of Supervisors shall fix pay rates as close as reasonably possible to prevailing rate determined by the Civil Service Commission.

The counsel of all Board members was freely and fully exchanged in the course of the Salary Standardization process and related closed sessions with the Employee Relations Directors. In light of all the information which could be drawn reasonably from the information submitted, I and my Committee colleagues, Nancy Walker and Harry Britt, hereby submit the package, as amended, to the full Board without recommendation.

We wish to acknowledge the many hours of extremely diligent work performed by the Employee Relations Division Directors Milton Mares and James Lazarus, ably assisted by Deputy City Attorney Judy Teichman, and Donald Molinari assigned from Civil Service staff, as well as the invaluable assistance rendered by Controller John C. Farrell; General Manager, Personnel, John J. Walsh; Mr. Harvey Rose, Budget Analyst, and their respective staffs."

Supervisor Hongisto, seconded by Supervisor Walker, moved amendment, as follows: Delete Section VII.E and add new language, as follows:

"Meal Allowance for Public Health Classes. For the fiscal year 1981-82, to insure optimum productivity of employees in the following classes and provided that such employees are required to take their meals on City or School District premises, except when it would be unreasonable, inequitable, or would require a change in current departmental policy to do so, each employee shall receive a meal allowance of \$1.20 per day on paid status."

There being no objection, on motion of Supervisor Renne, seconded by Supervisor Silver, the foregoing vote was rescinded.
